Acute Hospital

Residential Treatment

Emergency Shelter Care

Dear Families and/or Guardian,

On behalf of the staff at the Pomegranate Health Systems, we would like to take this opportunity to welcome you; we look forward to you being an active part of our treatment team, as we believe in a total team approach when it comes to addressing difficult or challenging behaviors and emotions.

Accordingly, you will have a very important voice when it comes to treatment planning, and will be given ample opportunities to express your concerns and your valuable input regarding the treatment process.

At Pomegranate, we know that EVERY CHILD IS DIFFERENT. Because your child possesses a unique constellation of experiences, talents, relationships, and struggles, we offer a highly structured, yet warm and nurturing treatment environment that seeks to meet your child right where he or she is.

Our goal is to collaborate and design a highly individualized program that changes with them as they grow more confident, secure, and healthy during treatment.

If you have any questions about the course of care or treatment provided, you are encouraged to contact your assigned CPST staff. If you feel as though your concerns are not being addressed properly, we encourage you to contact our Quality Improvement Manager at 614-223-1650, or our Director of Nursing.

On behalf of the entire Pomegranate team, we would like to thank you for entrusting us with the care of your child and we look forward to partnering with you in this journey.

Sincerely,  
Pomegranate Staff

*Angela Nickell, CEO*
